A Message from Our Director

This summer we are pleased to offer a variety of courses ranging in topic and duration to better fit in your summer schedule. The Curriculum Committee has selected courses that meet one, two, three, four, five and/or six times and include new and known instructors and subject areas. By member request, our 43 courses (OLLI at WVU, Charleston has 7 courses with 12 sessions scheduled - page 14.) are categorized by topic area (page 10) as well as listed by date in the Schedule at a Glance (page 12, page 14).

Because OLLI at WVU is member-centered, we rely on you to let us know of subjects that fascinate you and we gather much of this information from our Feedback Forms. Moving forward we will be asking for some additional information from our members so that we can better understand the interests, talents, and expertise of our membership as we update our committee structures, responsibilities and volunteer opportunities and try to better match course topics and instructors.

Over the last term, many members have provided feedback and generously gave of their time to help revisit our OLLI at WVU mission, vision and strategic plan and help review our policies and procedures. We are close to completion and have much of the information available on our www.olli@wvu.org site, located with our Board minutes. These tools are vital to the growth and sustainability of the organization and will also let you know when we are open. We have also planned two opportunities for you to learn more about what is happening and for you to tell me MORE (page 11).

I look forward to hearing from you and enjoying the sunshine! Welcome to summer at OLLI at WVU!

Who We Are

The Osher Lifelong Learning Institute at West Virginia University, known as OLLI at WVU, provides programs and educational opportunities designed for adults 50 and over.

OLLI at WVU is a membership organization within the School of Public Health at West Virginia University that recognizes the unique experiences, capabilities, and wisdom of mature members of the community. OLLI at WVU emphasizes the sharing of ideas through peer learning, member participation, and collaborative leadership.

During four terms each year, OLLI at WVU offers day and evening courses, lectures, seminars and field trips in such areas as music, literature, art, science, politics, nature, history, health, medicine, and economics. Live drama, movies, and special interest groups add to the choices.

Courses are developed and taught by volunteers from the community who are passionate about their topics, avocations, and interests, and love to share their ideas.

Most Morgantown courses are taught in the OLLI classrooms at the Mountaineer Mall. Others are held at different locations within the Mall or at off-campus locations. Charleston courses are taught at the West Virginia University building on the CAMC Campus.

Come and renew your enthusiasm for learning in a relaxed environment that is supportive and filled with humor, wisdom, diversity, and insight. Courses are entirely free of the pressures of grades and exams and you may choose as many as you like.
