Dedicated to enriching the lives of older adults throughout West Virginia, the Osher Lifelong Learning Institute at West Virginia University (OLLI at WVU), an affiliate of the WVU School of Public Health, is a member-driven organization whose mission is to promote connection, curiosity, exploration, discovery, and discussion through learning and social engagement in non-credit classes, lectures, field trips, and events designed for adults 50+.

During four terms each year, OLLI at WVU offers courses, lectures, seminars, and field trips in such areas as music, literature, art, science, politics, nature, history, health, medicine, technology, and economics. Live drama, movies, and interest groups add to the choices.

Courses are developed and taught by volunteers from the community who are passionate about their topics, avocations, and interests, and who love to share their ideas.

Let Me Count the Days

As I write this, West Virginia is caught in a cold, wintry blast of arctic air. We have had a snowy start to February 2021. Our winter term at OLLI is well underway and I hope you are taking some interesting classes. I know I have learned many new things just this week (who knew about Mona Lisa’s knots before?).

As we turn our sights to the spring term, I am reminded of the phrase from Elizabeth Barrett Browning’s poem, “How Do I Love Thee?” I want to modify “Let me count the ways” to read “Let me count the days.” Daylight savings time arrives in 38 days on March 14th and we celebrate St. Patrick’s Day three days later. In 44 days, the season of spring arrives. Easter will be here in 59 days and Memorial Day is in 116 days. And yes, the winter holidays will roll around again in just 324 days for those of us who haven’t taken down our holiday lights yet.

But the most important day to me right now is next Friday when I will receive the second dose of the COVID-19 vaccine. I don’t know if you have been vaccinated yet, but I know you share with me the hope that comes with this vaccine...hope that this disease will be brought under control, hope that our daily lives will return to the routines to which we were accustomed, and hope that our OLLI classes can be held in-person once again.

Although our Board has decided that OLLI classes are going to continue to be held online until July, we are planning to have some courses taught in the great outdoors of West Virginia during the spring. Fresh air and sunshine will allow us to socially distance and yet see some of our OLLI friends in person again.

Even if you can’t participate in these outdoor classes, I hope you will enjoy these sunny days we surely will have after winter’s gray days have ended. And enjoy the variety of OLLI classes that are being offered this spring as we count the days until we see each other again.

Giving to OLLI

The Osher Lifelong Learning Institute at WVU is dedicated to providing the highest quality educational, recreational, and social opportunities possible to our members. For many years, we have been able to offer 200 or more classes, workshops, lectures, discussions, and field trips annually.

In order to sustain and grow the program, your financial support is needed. Although OLLI receives support from WVU and earnings from the Osher Endowment, this funding covers only about 50% of our expenses. Membership and registration fees cover another 25%. Therefore, the remaining 25% must be raised through donations, gifts, sponsorships, and grants.

Your donation to OLLI can help keep the lights on in the classrooms, support community outreach, provide hand-outs in a class, buy coffee for our member lounge, pay the printing and postage for course catalogs, and more.

OLLI members and friends may give during the Annual Giving Campaign, when you renew a membership or enroll for classes, or any time during the year. You may choose to set up a monthly recurring gift.

You can choose to designate your gift to OLLI’s area of greatest need, the $100K Club, the scholarship fund, or the OLLI endowment. You may choose to leave a Legacy Gift, make a Tribute Gift, or give through an IRA Charitable Rollover.

*With a variety of giving options, you can choose the gift that works best for you.*

For more information, call the OLLI office at 304-293-1793.

To give today, visit [https://give.wvu.edu/OLLI](https://give.wvu.edu/OLLI) or add your tax-deductible donation to the enclosed class registration form.

*Thank you for your continued support of lifelong learning and OLLI at WVU.*

Special Member Events and Opportunities

Special Member Events, unless otherwise noted, are free or discounted for current OLLI members!
Payment of term enrollment fee is not required.

Ask a Geek
Michelle Klishis
Tuesdays, April 6 - June 29, 8:30 - 9:30 a.m.

Sometimes you have questions about technology that don’t fit into a specific class or course or maybe you just have something that is driving you crazy. For those times, OLLI’s Professional Technologist, Michelle Klishis, has created a regular technology question & answer session.

Be aware that sometimes the answer is “No, you can’t do that,” and sometimes the answer is, “I don’t have a clue.” As long as you’re okay with getting “No” for an answer, Michelle is willing to field any and all questions. Also, feel free to send an email ahead of time if you think your question is going to be really complicated or beyond the scope of an hour-long session. Reach out to olli@hsc.wvu.edu with the subject Geek Question.

No question is too small or too silly to answer! And even if you think you don’t know enough to ask your own question, you can usually learn a lot listening to someone else’s questions! And Michelle can always ramble on about any tech topic if you get her started.

As a warning, Michelle’s strengths are Android phones, Windows PCs, MS Office software, and digital security and privacy. Her weaknesses are Apple products and AV equipment. (i.e., Apple questions are most likely to be answered, “I don’t know; I’ll have to look into it.”)

Conversations on Racism and Antiracism
Florita Montgomery, Jim Held, and Jascenna Haislet
Thursdays, April 15 - May 13, 3:00 - 4:15 p.m.

Maximum Enrollment: 20

Materials Needed: How to Be an Anti-Racist by Dr. Ibram X. Kendi, White Fragility by Robin DiAngelo, and Caste, The Origins of Our Discontents, by Isabel Wilkerson

Although large public protests are no longer in the headlines every night, racism continues to be a very real and dangerous problem for many people in this country. It doesn’t always reveal itself through derogatory comments and names or overt threats and other actions. Oftentimes racism presents through microaggressions, support of discriminatory policies, or implicit bias. So what does all of this mean? How can we recognize racist thoughts and behaviors? How can we move toward being antiracist? Your co-hosts will facilitate a discussion of the books listed above while exploring our individual beliefs, behaviors, questions, and struggles to understand what racism is and how its eradication will benefit all.

OLLI Virtual Happy Hour
Sundays, April 18 - June 6, 6:30 – 7:30 p.m.

Join us for an on-line happy hour with OLLI members! We’re going to chat and socialize and check in on each other! Take this opportunity to dress up and chat with people you haven’t seen for awhile or maybe haven’t met in person before! If we have a large number of participants, we’ll attempt to break this into several “smaller” rooms so conversation is possible. And once you’ve got the hang of this, you can set up your own video chats with friends.

Twilight Trivia
Tuesdays, April 6, May 4, & June 1, 7:00 - 8:30 p.m.

Grab a beverage and some snacks, settle into a comfy chair with your laptop, tablet, or smart phone, and test your knowledge of trivia, and the trivial, against your fellow OLLI members during our monthly virtual game night!

Zen Doodling
Sharon Patrick, Holly Bogdanich
Thursday, April 15, 6:30 - 7:30 p.m.

Maximum Enrollment: 15

Materials Needed: drawing paper, coloring utensils of your choice

Enjoy a relaxing, but focused, hour exploring your creativity through Zen doodling, the art of drawing designs and repetitive patterns. Using music as a background, the instructors will support participants as they draw and talk about the importance of health, relaxation, and mental exercise.

An Art History Tour of Inferno
Melora Cann
Mondays, April 26 & May 3
12:30 - 2:30 p.m.

While this may not be the first attempt to chart the art-laden historic sites scattered throughout the book, Inferno, by novelist Dan Brown (2013, Doubleday), it is very personal to the instructor. She lived, studied, and taught in most of the locations featured in the book. She’s been a fan of Brown’s work since The Da Vinci Code was published and was excited to see Inferno in the bookstores. This class is Cann’s chance to share the lovely art and locations as we trace the story plot of Brown’s Inferno. And yes, of course there is Dante too! Not read the book? Not required – it’s all about the art!

The Great Hits and Albums of 1970
Barry Wendell

Sticking to albums this time, we’re moving on to 1970, listening to the music of Eric Clapton as a soloist, Delaney and Bonnie, and Derek and The Dominos. We’ll hear solos from the four ex-Beatles and new artists like Carpenters. Some tunes will be familiar, some not, but we can all learn something about the era and about ourselves.

The Borders of Our Minds
David Mould
Mondays, April 12 - 26, 3:00 - 4:00 p.m.

What are borders? Are they simply political and geographical, marked by posts, walls, and fences, or should we think of them more broadly? Some borders take no account of geography, language, and culture. There are borders within countries and there are the borders in our minds—the way we may think of unfamiliar places. David Mould’s journey begins with maps and cartoons that poke fun at how we view parts of the U.S. He moves on to the carve-up of Africa, the 1947 partition of British India, and how independent countries emerged after the collapse of the Soviet Union.
